

Action Plan (take three)

This is a revised action plan for the last week of wire-work.

Complete my final 'one gauge piece before moving on to 'wire wrapped'. Find out how to get smooth wraps and how to keep parts in place while you wrap them.

Copy the piece, don't forget to document as you go! Design a final piece of jewellery and make it.

Choose a piece to copy. Take some time to work out how it's made. Make my own.

I only have the morning as I have my AA session in the afternoon. Catch up on any writing I still have to do and evaluate my work.
